FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. Regardless of any direct acknowledgement elsewhere in the body of this document, StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders.

Introduction

Packaging Contents

- 1 x Micro SD to USB / Micro USB OTG Adapter (MSDREADU2OTG)

System Requirements

- Micro SD Card
- Host device (OTG-enabled Smartphone or USB-enabled Computer System)

Hardware Installation

WARNING! Micro SD cards and computer system components require careful handling. If you are not careful with your Micro SD card lost data may result. Always handle your computer equipment with caution. Be sure that you are properly grounded by wearing an anti-static strap when handling computer components or discharge yourself of any static electricity build-up by touching a large grounded metal surface (such as the computer case) for several seconds.

1. Remove the port cover from the USB port.
2. Gently slide your **Micro SD card** into the **Micro SD slot** on the **MSDREADU2OTG** until you feel resistance.

3. Connect **MSDREADU2OTG** to your host device.

a) If connecting to an **OTG-enabled Smartphone**, connect the **Micro USB port** on the **MSDREADU2OTG** to the **OTG port** (Micro USB slot) on your Smartphone.

Note: Not all Smartphones support an OTG adapter. Please contact the manufacturer of your Smartphone for more details regarding support for OTG and file format (FAT/FAT32/exFAT).

b) If connecting to a **USB-enabled computer system**, connect the **USB port** on the **MSDREADU2OTG** to an available **USB port** on your **computer system**.

4. **(Optional)** The port cover can be placed back on the **USB port**, to protect the USB port as well as the **Micro SD card**.

Micro SD card Removal

1. Grasp the lip of your **Micro SD card** from the top of the **Micro SD slot** on the **MSDREADU20TG**, and gently pull the card outward until it is removed.

Note: Micro SD cards with a smaller lip, may be more difficult to remove, and removal may require a small tool, such as a fine set of tweezers.

Technical Support

StarTech.com's lifetime technical support is an integral part of our commitment to provide industry-leading solutions. If you ever need help with your product, visit www.startech.com/support and access our comprehensive selection of online tools, documentation, and downloads.

Warranty Information

This product is backed by a two year warranty.

In addition, StarTech.com warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. StarTech.com does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

Hard-to-find made easy. At StarTech.com, that isn't a slogan. It's a promise.

StarTech.com is your one-stop source for every connectivity part you need. From the latest technology to legacy products — and all the parts that bridge the old and new — we can help you find the parts that connect your solutions.

We make it easy to locate the parts, and we quickly deliver them wherever they need to go. Just talk to one of our tech advisors or visit our website. You'll be connected to the products you need in no time.

Visit www.startech.com for complete information on all StarTech.com products and to access exclusive resources and time-saving tools.

StarTech.com is an ISO 9001 Registered manufacturer of connectivity and technology parts. StarTech.com was founded in 1985 and has operations in the United States, Canada, the United Kingdom and Taiwan servicing a worldwide market.
